

## IPGGC CONTINUING EDUCATION CONFERENCE & ONE-TIME TRAININGS APPLICATION

Thank you for your interest in providing continuing education for the IPGGC certifications and certificates. The Board reviews and approves conference and one-time training programs for all our certifications and certificates. The purpose of requesting approval is to ensure the conference and/or training provides educational content that matches our educational training outlines. By seeking approval, your conference and/or training program will be IPGGC certified, and professionals can attend your conference and/or training with confidence as they pursue or continue to maintain their certifications.

**NOTE:** This application is not for 30 or 60 hours courses, Preferred Provider applications or in-depth programs.

The approval covers the conference and/or one-time training for that specific date (range). It does not provide approval for future conferences. Please complete the application, fee schedule, and educational content form that corresponds with each conference workshop. Email [training@IPGGC.org](mailto:training@IPGGC.org) with your completed application and/or with any questions.
